A couple of final items to help you in planning your trip to Utah. The trip between Logan and Provo is generally two hours depending on traffic and road conditions. The [University Inn and Conference Center](#) in Logan, Utah is right next to the venue. Ask for the Teacher Fair discount. Salt Lake City would be the best airport to fly into and out of. Weather in Northern Utah in the spring can be very diverse. Please check weather forecast to help you prepare for the weather variations. We are very excited to host you at this year’s fair! Please contact [Bethany Brown](#) with any questions or changes.
